

DOM ix SATURN

All-round flexibility: one for all.

You can rely on the new DOM ix Saturn mechanical locking system at all times, thanks to its outstanding drill protection and tamper resistance. But the DOM ix Saturn isn't just secure - it's also very convenient. As a home-owner, you can dispense with the usual thick bunch of keys. Whether front door, apartment door, basement door, window catch or furniture lock, all you need is just one key.

DOM ix Saturn is suitable for all your home applications:

Front door

Garage door

Basement door

Letterbox

Garden gate

MECHANICAL, VERSATILE, INNOVATIVE

DOM ix Saturn

Double security.
For the highest demands.

SECURITY, QUALITY, DOM.

Subject to technical modifications

SECURIDEV EDV-Nr. 297855 / en / 1 / 04.08

2 in 1. Modern advantages.

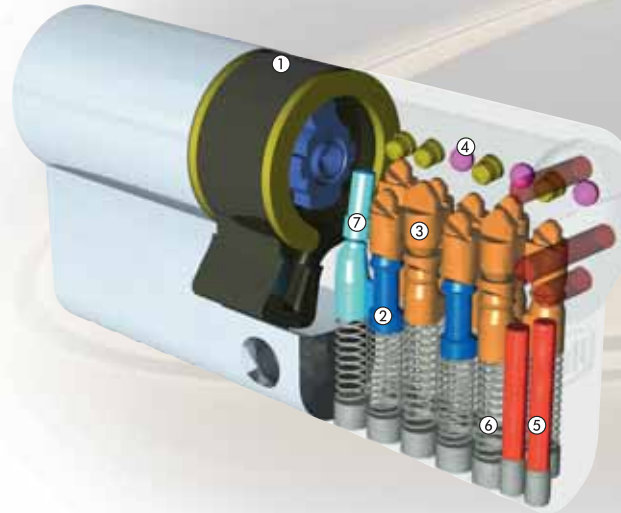

Security in a new dimension:

- 2 in 1: the tried and tested technology from DOM
- 2 locks in one cylinder and 2 complete sets of nickel silver reversible keys (3 keys each)
- The supplied security cards provide protection against unauthorised repeat orders
- The double cylinder has 20 locking elements, with 9 sprung pin tumblers per locking side
- Maximum key copy protection provided by 45° floating element in the key
- Nickel silver reversible key, corrosion-free
- Modular technology (optional): flexible length adjustment (also in-situ) and increased pulling and tear-off protection (through wave-shaped chromium-nickel steel rib)
- DOM ix Saturn, the locking cylinder with the double security reserve, provides you with dependable assistance in the event of key theft, loss or uncertainty regarding the existence of further keys
- For a secure feeling: DOM ix Saturn fulfils the highest requirements of the VdS (independent test and certification body)

For long-term investment security (optional): 10-year functional warranty (effective from purchase date, further information available from www.dom-garantie.com)

Your specialist dealer will gladly provide you with more detailed information on the DOM ix Saturn, the locking system with the double security reserve.

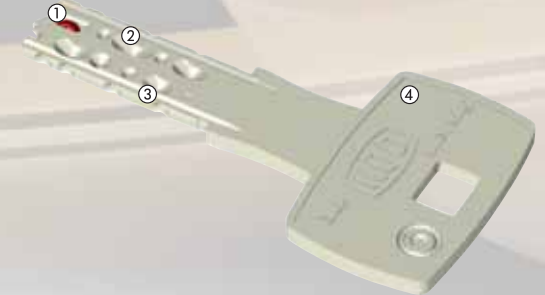

- ① Locking cam
- ② Hardened special housing pins as drill protection and protection against picking
- ③ Pin tumblers
- ④ Steel ball
- ⑤ Hard metal pins as increased drill protection
- ⑥ Bronze springs
- ⑦ Roll function pin

Double security. Ease of handling.

In the event of key loss, theft or uncertainty regarding the existence of further keys, a new locking cylinder is no longer required with the DOM ix Saturn. With the tried and tested 2 in 1 system, the cylinder is prepared for a second lock, which you can easily activate yourself in no time at all if required.

The second key set is used for recoding: After a 360° rotation in the cylinder, the first key set can no longer be used for this system.

- ① 45° floating element for controlling the roll function pin
- ② Bores for pin tumblers
- ③ Lateral profile bores
- ④ Nickel silver key
